

Diaper Drive

Established in 1982, Life Centers is dedicated to affirming the value of life by providing compassionate care to women facing unplanned pregnancies in Central Indiana.

Committed staff and volunteers at our seven pregnancy centers provide **free, confidential services** including pregnancy tests, ultrasound exams, one-on-one counseling, and post-abortive recovery support. We also meet the material needs of expectant mothers by providing maternity and baby clothing, diapers, bottles and other baby items.

At the heart of our life-saving mission is a passion to show the love of Jesus. We believe that the hope found in Jesus Christ is the greatest hope for those facing pregnancy decisions.

Our Core Values:

1. Everyone has value.
2. Relationships matter.
3. We believe in second chances.
4. The Bible is authoritative in what it says about us and God.

Ways you can help:

Pray: The young women and men visiting our centers need your prayers. Please pray for lives to be saved and hearts to be transformed.

Give: We rely on the donations of individuals and churches to enable us to provide free services to those in need.

Volunteer: Life Centers could not function without a strong team of volunteers. To find out more, visit:
