

South Center Relocation

We need to relocate our pregnancy resource center on the South Side of Indianapolis and we need your help.

Our location on Hanna Avenue has been home to the South Center for over 14 years, but for the past three years the building has been deteriorating. Compounding this challenge, is a landlord who refuses to respond to our several requests to repair problem areas in a timely manner.

Another compelling reason we need to move, is an increase in client traffic. As the need for our services continues to rise in this location, the small space we operate in is now a challenge. We have simply outgrown this space. Our support service items that you see pictured in the white bags, have taken over the office space in this center. This room (pictured) serves as the associate director's office, support service storage room, and the supply storage room. This is all crammed into one small space with a copier.

We pride ourselves on providing a warm and inviting environment for our clients, as we believe the appearance of the facility is a reflection of the work being done within the center.

The total cost of the project is estimated to be \$100,000. This includes the relocation/construction costs, an expected increase in our rent payments (due to the new center being in a more desirable location), the expansion of our support services, and meeting the needs of the Burmese community that now accounts for about 30% of our clients.

Bottles for Babies

Are you looking for a hands on way to support our ministry? Have you heard of Bottles for Babies?

This is a fundraising campaign for Life Centers that your church or workplace can participate in!

Creating a campaign is easy. Simply pick a start and end date; each campaign should last 2 to 4 weeks. Then, you will pick up the baby bottles at one of our multiple locations. You can announce and promote the fundraiser using flyers we will create for you. Finally, you simply distribute the bottles and fill them with coins, cash, or checks and return them to us.

So far this year, more than \$88,000 has been raised through baby bottle campaigns.

Please contact Marguerite Havard at
mhavard@lifecentes.com
if you are interested in having your own
Bottles for Babies campaign.

Church Partnerships

Church partnerships are vital to our ministry. Not only do they benefit our financial health, more importantly they are a soundboard for Life Centers. Churches can share information about our ministry to hundreds, if not, thousands of people.

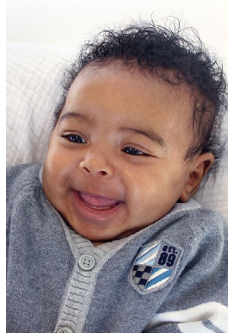

The majority of our center volunteers are from churches who support us and promote our ministry to their congregation. In addition, our church partners serve as a referral source to our clients looking for a church home. We value these partnerships and are proud to acknowledge them.

We would like to welcome one of our new monthly supporters, Northview Church. We are grateful to Steve Poe and his staff for coming on board to support us monthly as we work to save babies from abortion and transform the lives of mothers and fathers through a relationship with Jesus Christ. Thank you for standing on the frontlines alongside us.

Here are just a few of the faces your support has brought smiles to. These photos were provided to our clients at no charge. We love getting to meet their babies, and provide them with adorable pictures.
